### Typical cost of hiring a sound system:

Our systems come equipped with a technician, we do not allow “dry-hiring” of gear.

Modular high-performance units allow great flexibility, below are listed some of the basic set-ups possible. If you are looking for advice or a more tailored solution please contact John by email [bj\\_5foot17@yahoo.co.uk](mailto:bj_5foot17@yahoo.co.uk).

Event type	Typical audience	Basic configuration of system	Day rate Based on arrival at 18:00 and departure at 00:00 latest	Weekly rate Each part day charged full rate
